Forecast For Northeast England
Issued by Met Office Exeter
at 1600 on Friday 18 Jun 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Variable cloud amounts tonight. Sunny spells developing on Saturday.

This Evening and Tonight:
Rather cloudy but dry to start the evening, some breaks possibly developing later, most likely along east coastal areas. Some low cloud and areas of hill fog persisting over the western hills. Minimum temperature 9 deg C (48 deg F).

Saturday:
Largely cloudy at first but dry and brightening up, with sunny intervals developing during the afternoon and perhaps the odd shower in the west. Rather warm away from coastal areas. Maximum temperature 18 deg C (64 deg F).

Outlook for Sunday to Tuesday:
Cloudy with occasionally heavy rain on Sunday, feeling rather cool. Monday and Tuesday will have more variable cloud, perhaps a few showers with some pleasant sunny spells.
